The outlook for the Boston Red Sox is sark, and Patsy Donovan will have his hads full keeping the team out of the word division. reache down the ice, shooting a goal after a return pass from Crassweller. Less than a minute later Vincent reached the cage yards at the finish. The time was 3:30 4-5.

The decisive sprint resulted in a victory ceum, by inches. The finish between the first four was so close that the judges had difficulty in picking the men.

Probably the "classiest" performance of the evening was the winning of the mile walk by George Goulding, the Canadian champion. Goulding, who was on scratch, conceded allowances all the way up to forty seconds. His walking was a revelation, and with little fuss or exaggerated movement he skimmed over the floor in manner that left his opponents behind as if anchored. Goulding won easily in the remarkable time of 6:33, the fastest nule ever walked indoors.

The old record of 14 feet 10 inches for throwing the 56-pound weight over a bar, held for the last seventeen years by James Mitchel, was shattered by Con Walsh The New York Athletic Club giant got the big ball over the cross piece at 15 feet 11/2 inches. This enabled Walsh to win the event from scratch. P. J. McDonald, another scratch man, got second place, with 14 feet

M. McDonald, the crack timber toppe from Oxford University, started from scratch in the 70-yard hurdles, but being out of condition was unable to get up. L B. Dorland, a Pastime Athletic Club man, with a 3-foot handicap, won the final heat, barely beating W. Edwards, the University of Pennsylvania scratch man. A. A. Chisholm, the scratch hurdler from Yale, looked like a winner until he tripped over the last gate. The time was 91-5 seconds. The five-mile scratch race resulted in the defeat of Tom Collins, the indoor champion at the distance. Both Winn Bailey and Harry McGinn, of the home club, led him across the finish line. "Knockout" Brown in a ten-round bout at the Madison Athletic Club on Wednesday night. This contest should prove a better bout than the much talked of Wolgast-Brown battle, hard workers and are anxious to maintain and the world's record for 200 metres to their reputations.

Brown in the last year has become with his right hand as most boxers do with their left. In his last bout with Beecher, held at the Olympic Athletic Club, of Harlem, Brown gave an exhibition of admirers. He has improved steadily, and perfect condition, the "human fish" outpointed Tommy Murphy recently. In the bout with Wolgast he actually outclassed the champion in the finer points of clever boxing.

Hogan is one of the newest lightweights in the world of pugilism. He has been in the roped arena a little more than a year. In that time he has met only one reverse suffered at the hands of Frankie Burns, of San Francisco, the boy who has made such then made his effort, and passed his man a creditable showing in New York. Hogan was disqualified by the referee for roughing it in the clinches. According to all reports. Hogan was having the better of the battles in rapid time, but as he faced more skilful opponents he depended more en points for victory. An idea of his ability he defeated 'ohnny Frayne, of California. In addition to the Brown-Hogan bout,
